Breeding Position is a Magnet for Toms Searching for Receptive Hens

The Shady Baby Breeder is a must have for any decoy spread, used alone or coupled with a Gobbler or Jake decoy. The Shady Baby Breeder creates the urge to breed along with that fatal jealous/dominant response. Produced of our compactible vinyl with a large stake hole to accommodate those breeding situations or just set on the ground, this breeding position entices a positive response.

FLAMBEAU® SHADY BABY™ FEEDING HEN
MD-710

Packed: 4 per Carton
Carton Size: 17" x 10.8" x 16.75"
Carton Weight: 8.62 lbs.

- Natural feeding position
- Complex paint scheme
- Aggressive detail
- Compactible vinyl body
- Universal decoy stake included

Durable Vinyl Resin Construction

The Shady Baby Feeder, arguably the most natural and relaxed position a turkey can be in. For years upright turkey decoys have been the norm and remain the best selling position. But we feel the most life-like is the feeding position. When a hen turkey is feeding all is right with the world and it instills safety in any Tom turkey accompanying those hens or wanting to join them.

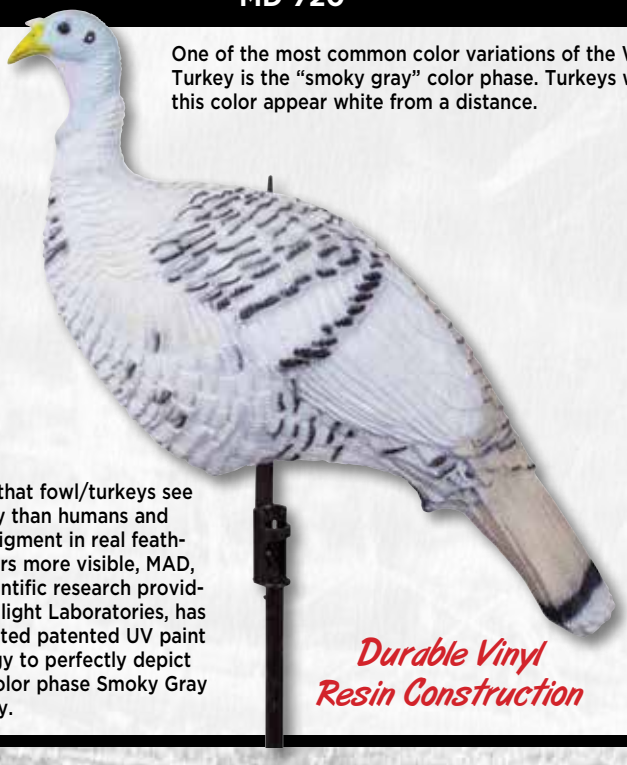
One of the most common color variations of the Wild Turkey is the "smoky gray" color phase. Turkeys with this color appear white from a distance.



Knowing that fowl/turkeys see differently than humans and that UV pigment in real feathers appears more visible, MAD, using scientific research provided by Twilight Laboratories, has implemented patented UV paint technology to perfectly depict a white color phase Smoky Gray hen turkey.

FEATHER FLEX® DECOYS
The Natural Attraction

TURKEY DECOYS

Each Feather Flex® Decoy is constructed with unsurpassed attention to detail, from realistic feather patterns to true-to-life color. We cast our turkey molds using anatomically correct specifications from actual turkeys, allowing us to craft the most accurate foam decoys in the industry today. This process allows Feather Flex to incorporate incredible detail into each design, from the head structure to the correct size proportions and even feather patterns of hens and jakes. Our thick and durable, yet soft and lightweight polyethylene foam construction responds to even the slightest breeze, providing irresistible wind-activated movement. Grommets in the back allow for quick positioning of the ground stake and the convenient opening underneath allows for easy set-up. Our attention to detail sets us apart and allows us to create the industry's premiere soft decoys.

THE LOVE TRIANGLE® DECOY SET

MD-174

MADE IN U.S.A.

Packed: 12 per Carton
Carton Size: 9" x 5.75" x 6"
Carton Weight: 5 lbs.

NEW For 2018! 30% Savings at MSRP

The (MD-173) "Cut-N Touch" is a light triple reed cutter call constructed of two .0003 thick latex reeds with a heavy .0004 reed on top. Billy adds half of an inverted V cut to finish it off. Easy to blow and requires very little air to create those sharp clucks, cuts and cackles that gets every turkey's attention.

The (MD-172) "Soft Touch" is a double reed inverted V call with the corners knocked off to soften it up. The "Soft Touch" is great for "soft" talk, yet has a thicker top reed for aggressive yelping. A great call for beginners and pros alike.

The (MD-170) "Deadly Touch" is made up of 3 pieces of latex with the ever "Deadly" inverted V cut. This call is stretched tight with a heavier top reed for those hard locating cuts and aggressive yelps, yet allows those soft purrs and clucks of an irresistible hen. If you blow a call hard, this call's for you.

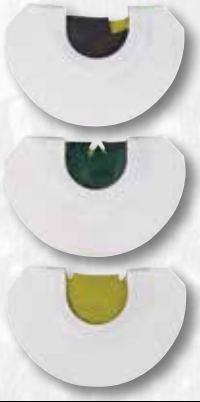
Carton Weight: 5 lbs.

NEW For 2018! 30% Savings at MSRP



Hand crafted by 2x Grand National Champion Ricky Joe Bishop, this tri-pack combines 3 of his most popular mouth calls to give any turkey hunter a complete arsenal to dupe even the wisest gobblers. Comprised of .004 latex, the 3 different cuts give the experienced caller unparalleled mimicry while still maintaining user-friendly tone control for any beginner. Carry all 3 in the field to easily swap from high pitched cutts to yelps or raspy cackles to purrs and quickly draw a talkative tom in danger close.

- Call #1: A double reed with a "cutter cut" for those high pitched yelps, clucks, and cuts.
- Call #2: A double reed with an inverted "V" cut for a range of raspy yelps, cackles, and cuts.
- Call #3: A simple all-occasion, side-notched call for producing subtle yelps, clucks, and purrs.

BILLY YARGUS TOUCH SERIES DIAPHRAGM CALLS

The Touch Series, an extremely successful series of diaphragm calls from MAD®, is the first family of diaphragm calls to be designed and produced by a Grand National Champion. Yep, that's right, Grand National Champion Billy Yargus hand cuts and builds every call. Rest assured that each and every call that is delivered by MAD will be of the finest quality and ready to bring those big strutting toms into range.

Whether you're a novice or professional, prefer a cutter call or an ol' raspy yelper, you can find a call in the Touch Series that meets your individual preference.
