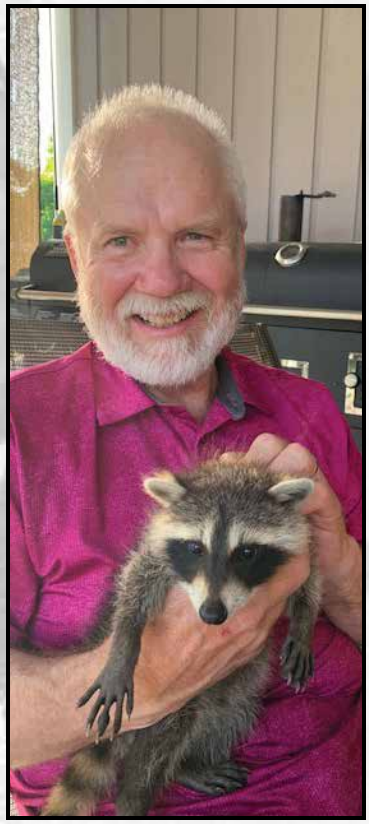
- FLAMBEAU LEGACY -

The hunt isn't always a resounding success. A day at the range meant to be a confirmation session of skill can reveal the need for more practice. With any venture in the outdoors, what is guaranteed is the experience, and, with the right outlook, access to an endless supply of achievements: time well spent in the pursuit of a passion, a lesson learned, a tradition continued, or a memory made in the field, the best ones often with family or friends.

As a family owned company from its foundation in 1947, that very philosophy remains the backbone of our brand and serves as the origin story of our logo—shared memories of hunting and fishing by the Sauey family under sunrises over the Flambeau River. Over 73 years later, our company remains dedicated to providing quality hunting and shooting sports products that are more than just standalone tools of the trade—we provide a legacy as a heritage brand that stands behind its product as the sportsman's and sportswoman's constant partner in the outdoors.

We strive for innovation; succeed through meaningful and lasting differentiation. We seek improvement; prosper with an attitude of personal accountability as a brand through first-rate customer service. We aim for win-win business environments; foster value-based retail relations built on integrity. For past generations and the generations to come, we are Flambeau Outdoors.



In Memory of Kim Norton

Flambeau Outdoors Director of Sales & Marketing

July 22, 1956 – November 23, 2019

On November 23, 2019, Donald "Kim" Norton passed away after an ATV accident while deer hunting with his family in Nebraska. A beloved friend, colleague, and leader, his untimely death leaves a legacy of unrivalled passion for the outdoors, exemplary dedication to our industry, and a treasure of cherished memories for thousands who had the fortune of spending time with him in the field or on the water.

Kim joined the Flambeau Outdoors team in September 2015 as an industry veteran whose storied career began with the Norton family business, Brell Mar Products, and continued on to include positions held at Cabela's, Van Dyke's, and Pradco before his last role as Director of Sales & Marketing at Flambeau. Dedicated to providing outdoors enthusiasts with products that enhanced the very passions of hunting and fishing that he loved so dearly, Kim lead our business with an invigorating drive to succeed that was selflessly championed by his gentle strength and loyalty to integrity. A faith-filled, family-centered leader, husband, father, grandfather, and friend, his contribution to Flambeau Outdoors and our industry as a whole lives on in the relationships he crafted with care and the memories of laughter and joy he left us to relish in his honor.

Flambeau OUTDOORS

REALISM THAT GETS RESULTS™

EXCLUSIVE

UVISION™ PAINT TECHNOLOGY

The Flambeau® Advantage — A Science of Attraction

Waterfowl see what the hunter cannot — ultraviolet light. Scientific research has proven that specific patches of waterfowl plumage reflect a UV signature that the birds use for identification purposes. The UV signature of these feathers fluoresce and glimmer to the eye of the duck.

During the migration, what the birds come to trust and deem safe is the reassuring ultraviolet signature of live waterfowl. Flambeau® decoys with exclusive patented UVision™ paint technology mimic the inviting visual of a live bird for the world's deadliest combination of realism and deception. Let Science Seal the Deal.

REALISM THAT GETS RESULTS™

THE GUNNING™ SERIES

RIDES THE WATER LIKE A LIVE DUCK

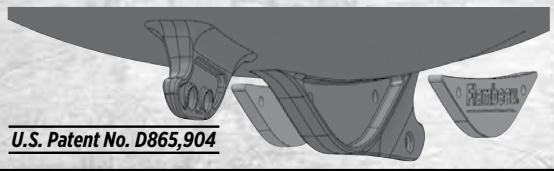
THE GUNNING SERIES DECOY

Flambeau's homage to the rich history of waterfowling that duck hunters so proudly revere. Modeled after the heritage carving concept of simplicity and efficiency once based on the real anatomy of ducks, the Gunning Series puts back into the modern decoy the hand-carved originality of a rounded bottom with the paramount feature that had become absent in the evolution of decoy design over the years – *the gunning style keel*. The low-profile, skeg-style keel, in combination with the decoy's carefully engineered curved underside, tips the Jones cap in gratitude to what our predecessors knew best – a design that makes the decoy ride the water like a live duck.

GUNNING SERIES PERFORMANCE ADVANTAGE:

	Calm Water	Steady Current	Big Water
Gunning Series	 Live-action, independent movement in the slightest breeze due to minimized drag.	 Anatomical curvature of the bottom forces water down and away, allowing the decoy to ride and glide on top of strong current like a live duck.	Auto-corrects to a forward-facing direction when riding waves to mimic the rhythm and coordination of a live duck staying on course in choppy water.
Decoy-X	 Flat bottom and oversized keel act as a water brake to keep the decoy stationary, motionless, and dead in the water.	 Flat bottom misdirects current up and over the decoy, forcing it to dig and then fishtail.	 Haphazard reaction to waves appears disoriented and unnatural.

Gunning Series Keel Design:	***Anatomically-inspired rounded hull featuring a low-profile, blade keel with stainless steel insert weights for "live duck" performance in all conditions, including mere inches of water.***



U.S. Patent No. D865,904

STORM FRONT2™

Our banner decoy series takes its name after the most anticipated phenomenon of the waterfowl season—the arrival of fresh birds with a storm front. Carved by renowned master carvers Tom Christie, Dave Van Lanen and Rich Smoker, Storm Front2 decoys are a deadly fusion of what the birds need and the hunter demands—unsurpassed realism and unequivocal durability. From a proprietary polymer blend for "battleship" longevity in the field to the ultra-visible, ultra-violet and ultra-effective use of UVision paint technology, the Storm Front2 series has duping the ducks season after season down to a perfect science.

FLAMBEAU ORIGINAL -1984- SUPER MAGNUM

Flambeau's tried-and-true line of decoys built on our classic fundamentals of REALISM THAT GETS RESULTS.™ Crafted with complexity for life-like detail and designed with simplicity for long-lasting durability in the field.

- 1984 ORIGINAL SUPER MAGNUM MALLARD -

New!

SUPER MAGNUM MALLARD 5760MG	6 PACK	Carton Size:20" x 14" x 21" Carton Weight: 13 lbs.

Hatched in 1984 as waterfowling's modern 20" big-water block, soon favored for its visibility through thick timber canopies, and then preferred for commanding attention on swollen river oxbows, the original Super Magnum's famed reputation is as epic as its proportions.

Large but lightweight, atypical in size but realistic in form, the legacy durability and historical effectiveness remains unchanged for today's waterfowler. Set your spread apart with the added horsepower of the original Super Magnum Mallard.

- 20" Overall length
- Lightweight, proprietary hard resin construction for rugged durability
- New and improved detailed paint schemes with reinforced adhesion
- Features Flambeau's exclusive, patented UVision paint technology that mimics the ultraviolet signature of a live mallard for enhanced realism
- Original trapezoidal keel with forward tie-off point
- Creates an intensified wake when deployed on a jerk rig

Masters SERIES™

MASTERS SERIES™ BOSS BUCK™ 5965MS

1 PACK

Carton Size: 50" x 19" x 14"
Carton Weight: 21 lbs.

BOSS BUCK™
THE BUCKS STOP HERE

Amazing realism created by award-winning sculptor, Chris Schiller. Deploy the Boss Buck to entice a territorial trophy buck to come running and fight for his turf... right in your sights. The most life-like deer decoy available, the Boss Buck sets the stage for a good ol' rut battle faster than you can say "rut."

- Threaded post legs and locking lugs for secure assembly and stability
- Legs, head, ears and antlers fit in body cavity for easy transportation or storage
- Includes blaze orange carry sling

MASTERS SERIES™ BOSS BABE™ 5965MD

1 PACK

Carton Size: 35" x 14" x 14"
Carton Weight: 14 lbs.

DIMENSIONS:
- Nose to tail: 41"
- Tip of ear to ground: 44"
- Body width at widest point: 11.5"
- Shoulder to ground: 32"

BOSS BABE™

Based on a carving by award-winning sculptor, Chris Schiller, the Boss Babe is a buck magnet. Featuring a sturdy, ultra-realistic posture and true-to-life size, rutting bucks—from little baskets to chandelier Booners—come running to investigate and will even circle and mount. The Boss Babe can be used alone or as the perfect complement to the Boss Buck to simulate a peak of the rut courtship.

- Secure leg attachment design features threaded legs posts and locking lug nuts
- Includes (2) sets of ears: submissive and alert
- Peg on rear leg for attaching scent pads
- Legs and head fit in body cavity for easy transportation

GRAZING DOE 5967GD

1 PACK

Carton Size: 35" x 14" x 14"
Carton Weight: 15 lbs.

DIMENSIONS:
- Nose to tail: 41"
- Shoulder to ground: 33"
- Body width at widest point: 11"

The Grazing Doe brings a very calm atmosphere to any deer hunting situation. The true-to-life size and realistic paint scheme tells a lurking trophy buck to trust his surroundings and move in to investigate. Complement the Grazing Doe with the Boss Buck or lay the tracks for a buck showdown by introducing the Boss Buck into the mix.

- Lug and keyhole leg attachment design for quick disassembly (legs and head fit in body cavity for convenient transportation)
- Opposable ears
- Realistic hair detail and life-like paint scheme
- Can be staked in heavy winds *(stakes not included)*

- Completely self-contained
- Quickly changes from voice to voice by simply twisting top
- Great for long-range, mid-range, and close-in calling
- Non-corrosive stainless steel reeds

Packed: 6 per Carton
Carton Size: 7.75" x 7.5" x 3.25"
Carton Weight: .88 lbs.

CIRCE®
COARSE LONG
RANGE RABBIT - P-1

★ ★ ★ ★ MADE IN U.S.A

- Produces the loud, gravelly scream of the rabbit in distress
- Great for extra-long range calling in open country or for windy days
- Hand-tuned, this call has been known to bring in predators for over a mile
- Non-corrosive stainless steel reed

Packed: 6 per Carton
Carton Size: 7.75" x 7.5" x 3.25"
Carton Weight: .88 lbs.

CIRCE®
MEDIUM TO LONG
RANGE COTTONTAIL - P-2

★ ★ ★ ★ MADE IN U.S.A

- Produces the high-pitched scream of a cottontail rabbit in distress
- Most effective in wooded areas, after the jackrabbit call is used to start the predator your way
- Hand-tuned, very effective in coaxing game within camera, gun or bow range
- Non-corrosive stainless steel reed

Packed: 6 per Carton
Carton Size: 7.75" x 7.5" x 3.25"
Carton Weight: .88 lbs.

The difference between

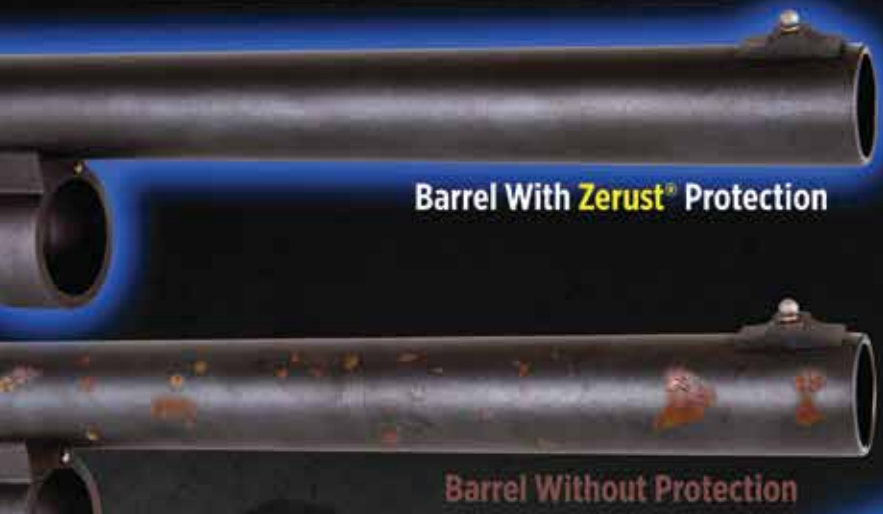
CLICK and BOOM today...

JUNK and HEIRLOOM tomorrow.

Flambeau's Zerust® technology protects the gear of today for the performance of tomorrow.

A few hours. In a hot, humid environment, that's all it takes for rust to begin to form on your gun. A few days and the damage caused could be irrepairable. You clean and oil your gun after each use, but can you be sure you've thoroughly covered each gap, joint or interior metal surface? When enclosed in a Flambeau gun case, the anti-rust and corrosion vapor emitted by our Zerust® technology coats every exposed metal surface with corrosion inhibiting molecules, giving your clean firearm the most comprehensive level of corrosion protection against rust, tarnish, pitting and flaking physically possible.

PRESERVE. PERFORM. REPEAT.



Barrel With Zerust® Protection

Barrel Without Protection

Zerust® - Rust Test

Sprinkled with water and then immediately wiped down with a dry towel, each of the barrels in our test demonstration were placed in cases—one with Zerust protection and one without—and left unattended in a basement with a relative indoor humidity reading of 40-60% for approximately 45 days.

The ORIGINAL and still the BEST VCI for worry-free firearm protection.

Flambeau Zerust® STOPS RUST

Flambeau's EXCLUSIVE Zerust® products are the absolute best way to protect your gear from rust and corrosion.

What is Zerust®? *A patented VCI polymer technology molded directly into Flambeau plastics that provides years of hassle-free, long-lasting protection.*

How does Zerust® work? *Zerust-infused plastics emit an odorless, harmless vapor in a contained area to naturally form a protective layer around exposed, clean metal surfaces to prevent oxidation-reduction and stop rust and corrosion.*

Zerust® is a registered trademark or Northern Technologies International Corporation (NTIC). ©2020 Flambeau Inc.

Rust and Corrosion Inhibitors...The Best Way to Protect Your Valuable Investments!

Flambeau's EXCLUSIVE Zerust® products are the absolute best way to protect your gear from rust and corrosion. Molded into many Flambeau products, this patented polymer emits an odorless harmless vapor, forming a protective layer around metal surfaces for years of hassle-free, long-lasting rust and corrosion protection. Look for the Zerust symbol for products that include Zerust!

PROTECTIVE CASES SAFE SHOT by Flambeau

- SAFE SHOT® DOUBLE WALL -

Flambeau SAFE SHOT DOUBLE WALL
AIR POCKET BETWEEN WALLS FOR ULTIMATE SHOCK AND IMPACT DEFENSE

The Flambeau® pistol storage line dedicated to optimally engineered firearm protection. The Double Wall series features blow molded construction that protects contents with two HDPE walls encasing an internal air pocket. Made in the U.S.A., this series is the first and last line of defense you'll ever need to keep your weapons perfectly preserved during the roughest of conditions encountered during travel. Whether a Double Wall case is used for transportation or simply for storage, trust that our patented Zerust technology and pluck foam cushioning included in each case keeps your weapon exactly where you left it and how you left it the next time you need it.

- *PRESSURE RELEASE VALVE*
- *OVER-MOLDED HANDLES*
- *MEETS TSA AND AIRLINE REQUIREMENTS*
- *ZERUST® TAB FOR RUST PROTECTION*

Make sure the trip from home to the field doesn't leave the performance of your firearm to chance. At half the cost of most heavy-duty options available, Flambeau's HD Series pistol and rifle cases surpass the competition to provide the highest degree of rib reinforced thick-wall protection. In addition to customizable pluck foam interiors, each case features a waterproof gasket and commercial-grade locking hasps—virtually making each case a transportable safe. Pressure release valves, high-density rubber wheels and over-sized handles make air travel with high-end long guns a cinch. Every Flambeau HD case includes a patented anti-corrosion Zerust tab to stop rust before it starts in even the most humid environments. Meets TSA and airline safe requirements. ***Preserve. Perform. Repeat.***
